
HANDOUT TWO, LESSON FIVE

THE CHALLENGES OF CHANGE CONCEPT MAP

***Directions:** Create a concept map on President Obama's two terms in office. A concept map is a visual organization and representation of your learning. It shows your ideas and understanding and connects the relationships between these ideas.*

Here are a few visual models:

- > Begin by writing the words Legislation and Leadership in different areas of your paper and enclose them in shapes. If other big ideas arise, feel free to add other words.
- > Continue to add ideas around your key words and connect ideas with arrows as you uncover new learnings.

Keep the following big ideas in mind as guideposts:

- > The legislative priorities of the Obama Administration
- > The unique facets of President Obama's leadership
- > The backlash his administration experienced and how he responded
- > The Obama White House as the first Black White House
